

CERTIFICATE OF PARTICIPATION

This certificate is awarded to

Syed Arbaz Hussain Shah

for successful completion of

AI & Data Analysis

OUTLINE:

In this course learners get intermediate level training in Data & AI, preparing them to understand and utilise Microsoft Power BI, Microsoft Fabric, and AI capabilities in Power BI for data modelling, visualisation, and analysis, with preparation to pass the Microsoft Certification PL-300: Power BI Data Analyst Associate.

CONTENTS:

- Understanding core data concepts, Microsoft data services, Microsoft Fabric, and AI in Power BI
- Ability to connect, clean, and transform data using Power BI Desktop and Power Query
- Skills in data modeling, including relationships and DAX calculations
- Building interactive reports and dashboards with effective visualizations
- Publishing and managing Power BI reports, datasets, and security features like row-level security
- Preparation to take the Microsoft Certification PL-300: Power BI Data Analyst Associate

This course was held for a period of 44 hours from 19/03/2025 to 12/06/2025.

Malmö, 12/12/2025
